

Opengear End-of-Sale and End-of-Life Announcement

Product life-cycles are influenced by many factors including market demands, new technologies, component availability and resource constraints. Opengear announces the end-of-sale and end-of-life (EoL) dates for the “CMS6100” product used for Centralized Management of Opengear appliances. CMS6100 has limited stock, and will be available for purchase as stock allows through April 2013. The Opengear Technical Support Team will continue to address major security issues and bugs, and assist customers still using the product until April 2014.

Opengear has created replacement products - the new Opengear Lighthouse Enterprise and Opengear Lighthouse standard products. It is a superset of the previous CMS6100 but retains key features plus improved hardware capabilities, and new software features including appliance manageability and dial out capabilities. Important information about the product differences is included below as well as key dates.

EoL Product

Product Type	Centralized Management
Part Numbers	CMS6100-SAC-US, CMS6100-SAC-AU, CMS6100-SAC
MSRP	USD \$ 1,195

Replacement Product

Product Type	Centralized Management
Part Number	OGLH-1000-100
