RE: Section 889(a)(1)(A) and Section 889(a)(1)(B) of the 2019 National Defense Authorization Act (“NDAA”) Representation

To Whom It May Concern:

Pursuant to Section 889(a)(1)(A) and Section 889(a)(1)(B) of the 2019 NDAA, Opengear, Inc. (Opengear) has reviewed its bill of materials (“BOM”) for its equipment, system, or services and has determined that to the best of its knowledge no items in its BOM use “covered telecommunications equipment” (within the meaning of Sec. 889) as a substantial or essential component or as critical technology of any system that we manufacture.

Opengear shall continue to monitor its BOM to prevent use of equipment, system, or services from the prohibited parties (or any subsidiary or affiliate of those entities) designated under NDAA 2019 Sec. 889(a)(1)(A).

Sincerely,

Serena Muir
Export Compliance Analyst
